Dear Mr. Davidson:

On behalf of the ACF Executive Committee, I am writing to thank you for participating in the program of the ACF 50th Anniversary Meeting.

Your excellent presentation and Promoting Your Consulting Services" provided the high energy and motivating finale that was planned. It was well received by those attending as evident in the interest in your published materials and comments received. The notebook is particularly useful as a future reference.

I was pleased that your daughter could accompany you. I hope the meeting was an enjoyable experience for both of you. Thanks again for your significant contribution to a successful 50th Anniversary Meeting.

Sincerely,

Ronald E. Stuntzner, ACF
Past President
