Dear Jeff:

How nice it was to get your note and information-packed article.

You're right...it was eight years ago. So much has happened since Open U days. Onward and upward.

You might be interested in knowing that when I stopped by the NSA booth to pick up my free audio tape, the "inside word" was *your* session was the tape to get. Several people there said you gave more "real-life" how-to's than all the other presentations combined.

Dallas was great for me. As wonderful as Maui is, it doesn't have much in the way of professional networking. For me to have a chance to re-establish old friendships and sit down and brainstorm with people like yourself, Maggie Bedrosian and Rosita Perez was a real treat.

Interested to see you're represented by Capital Speakers, Inc. They arranged for me to speak on the Royal Viking SEA on its Honolulu to San Francisco trip. I'll never forget cruising under the Golden Gate Bridge on a crystal clear July 4th (?!!) and viewing the spectacular skyline while Tony Bennett's "I Left My Heart in" played over the ship/s speakers. What a moment. I thoroughly enjoyed meeting Phyllis McKenzie and staff, and hope to do some work with them in the future. They wouldn't have to twist my arm to convince me to go on another cruise.

Well, continued success to you. I'll keep an eye out for your books. Let me know if you're headed out this direction and I'll try to get you lined up with ASTD (if you're interested). Hope all's well with you until next time.

Sincerely,

Sam Horn
