Dear Jeff:

It was a pleasure meeting and hearing you speak at Cape Fear SMEI meeting in Wilmington, N. C.

You are so right when you stated there are too many items demanding our attention that we are not able to respond; however, many of us surely try!!! I have learned over the years to take care of myself with a manicure along with shampoo and set every week, pedicure every two months and a massage when I feel like one. I also purchased an acu-massager which I use once or twice a day. In addition, I almost always get at least seven to eight hours of sleep every night and try desperately to eat the right foods.

You will be happy to know that I am in the process of striping the top of my desk, cleaning out all the clutter; and my glove compartment and dining room table are clean...

We are excited that in our office we have three computers which have taken the place of much paperwork.

Thank you for sharing all the great information on what is happening in our wonderful world. Enjoyed your presentation very much. KEEP TELLING EM...

Sincerely,

CENTURY 21 GARDNER & ASSOCIATES, INC.
