Dear Jeff:

Your presentation on "Stress" was just what I needed! It was the highlight of the TCCE conference. The suggestions you gave to lower stress in our lives were great and certainly ones we can put into action without creating more stress.

I came back to my office and immediately processed information (papers) from the meeting and also from the previous two conferences which I had attended.

I am also processing mail more effectively and keeping only what I know I'll use later. The idea on keeping only the part of magazines or publications you need was great!! I've already passed on several of your ideas to business associates of mine.

Thanks for a great seminar and I hope to attend another one someday.

Sincerely,

Anna H. McKinney
