Dear Jeff:

Thoroughly enjoyed your TEI session on Breathing Space. Thanks for the extra copies of your book. These were distributed to the three subordinate managers within the EP/EO Division. All of whom have now read and passed the book on to their subordinate managers.

Look forward to receiving the video and viewing it with the managers in the division.

Clean sweep has been done at home in both the garage and house. Next step is my desk and credenza. Both should be completed by Thanksgiving.

Sincerely,
