Dear Jeff,

Thank you for the thought provoking presentation at ACHE. I have reflected on many of the suggestions and insights you offered. In fact, I have even changed some behaviours. I am actually allowing myself completion of more jobs. I must say it feels good. I used your presentation as a basis for a recent management meeting and the managers found it helpful.

I am planning a Minnesota health care professionals' meeting in August 1999. If you are interested, please advise me of you consulting fee for a similar presentation.

Many thanks for your presentation and useful suggestions.

Sincerely,
