Dear Mr. Davidson,

Today I attended your noon discussion about BAH, HUM-BUG!
HOW TO HANDLE HOLIDAY STRESS, held at Carolinas Medical
Center. It was a delightful presentation.

I particularly enjoyed the fact that your talk was not too
heavy, so we could enjoy the delicious lunch at the same
time. Your sense of humor made it a delightful time. Your
voice is so well modulated that a mike was unnecessary. So,
you could move around and thru your questions and comments
made everyone feel part of the presentation. I felt that
the questions, to which you gave such varied and interesting
answers, were a favorite part of the presentation.

Thank you for sharing your wonderful experiences and knowledge
with us. It was a pleasant break in our busy schedules, and a
most worth while one!

Sincerely,

Sister Annette McBennett
