Dear Mr. Davidson,

Today I attended your noon discussion about BAH, HUM-BUG!  
HOW TO HANDLE HOLIDAY STRESS, held at Carolinas Medical  
Center. It was a delightful presentation.

I particularly enjoyed the fact that your talk was not too  
heavy, so we could enjoy the delicious lunch at the same  
time. Your sense of humor made it a delightful time. Your  
voice is so well modulated that a mike was unnecessary. So,  
you could move around and thru your questions and comments  
made everyone feel part of the presentation. I felt that  
the questions, to which you gave such varied and interesting  
answers, were a favorite part of the presentation.

Thank you for sharing your wonderful experiences and knowledge  
with us. It was a pleasant break in our busy schedules, and a  
most worth while one!

Sincerely,

*Sister Annette McBennett*
