You were terrific, Jeff!

The audience loved your program and left with lots of good ideas they can implement.

The practical tips you shared (plus your long list of books and articles!) make it obvious that you speak from real world experience. But that's not the only reason your program was so well received. Your sense of humor and the feeling of really caring about your audience came through, too.

Thank you for doing such a **GREAT** job and for helping make our St. Patrick's Day program a roaring success. You can be sure that we will recommend you to other NSA chapters.

I look forward to seeing you in Atlanta.

Happy publishing,

Laurie C. Moore
