RE: March 20th Presentation

Dear Mr. Davidson:

Although mailing a letter to Chapel Hill is an extremely difficult experience for me, a graduate of NC State, I would like to let you know that I enjoyed your presentation to the City of Norfolk last week. Although your 5 trends were somewhat of an initial "downer", the message was uplifting. Keeping your ideas in perspective of both work and home will really make a difference in my life.

I would like to comment on the content of your presentation. I thought the way that you mixed humor and your near mauling dog story was extremely effective. You also worked the crowd well, which is difficult to do given the fact that it was the start of a busy day for all of us. It is nice to know that my employer, the City of Norfolk, would go out of their way to bring you to us, or their time.

Keep up the good work.

Sincerely,

G. Christian Guvernator IV
Civil Engineer III
