Jeff Davidson
Breathing Space Institute

Dear Jeff:

Creating More Space and Time In Your Life was a great session! Unlike you, I did not have an envelope addressed before, during, on or after my flight back to Richmond. I see that we are next door neighbors, will you be appearing around Richmond any time soon? Richmond is growing a LOT! The Mega-Reality of population growth is a happening thing and thus the other realities are a part of my life every day. I feel very fortunate, I am able to make some choices that will give me more space and time. Right now my desktop is better but not ready to be photographed as a testimonial for your next presentation.

Your suggestions about how to manage time and space are just what I need to provide a starting place. Why is it we humans sometimes need "permission" to make changes? I enjoyed your style of speaking, your humor added a touch of "It's OK to laugh at ourselves" and to find humor as we face the 5 Realities each day.

Best Regards,

Maggie
