Jeff Davidson

Mr. Davidson,

Thank you for responding to my e-mail earlier this week (copy attached). I was absolutely amazed at the speed with which you performed "completion" in responding to my e-mail, especially in view of the fact that your mail queue must be overflowing at all times. I do appreciate the time and effort and hope I wasn't a big drag in discussing my obvious obsessive compulsions. It seems I can't relate to too many individuals who could understand how I feel, the way I felt you would since it appears we are on a similar wave length.

I really enjoyed your presentation and have been reading your book "Simple Living" and enjoying it as well. I am sure I will be buying, enjoying, and implementing many ideas from some of your other books in the future.

Keep up the great work!

Regards,
