Dear Jeff:

Your presentation at the CPA Forum in Raleigh this morning was outstanding! Thank you helping me realize that the problem isn't me, it's what's being done to me! Now I know that help is available through your materials. What a pleasure it's going to be reclaim my space and to take back control of my life.

Please send me the cassette that you mentioned. I look forward to using your other materials. Again, thanks for the excellent presentation.

Sincerely,

John L. Rigsbee
