Dear Mr. Davidson:

I had the opportunity and privilege to attend your presentation on June 24 at the DOE/Contractor Symposium in Pittsburgh, and like many in attendance, found that your message and observations strongly resonated, especially given the continuing challenges facing us in many aspects of our lives. And, several colleagues with whom I've shared a summary of your presentation are interested in reading and learning more.

Thank you for the time and thoughts you shared with us at the symposium. And, I look forward to receiving your recording, *Relaxing at High Speed*. It should be addressed to:

Margaret A. Harvey

Sincerely,

A handwritten signature in cursive script that reads "Margaret A. Harvey".
