Re: Breathing Space Book/Live Recording

Dear Jeff,

I attended your session this week at the MGMA conference in San Diego. It was a great session, you did an exceptional job as a presenter, and the information was very welcome and timely for me. I want to thank you for the opportunity to hear you speak.

I was one of the attendees that requested a book from you, even though I did not have a coupon to receive one. I really appreciate that you went out of your way to make sure that I was able to get the book. I read the entire book on the airplane on my way home from the conference, and was delighted with it. Again, it was very timely for me, and I am already putting many of your suggestions into practice. I can foresee many instances where your suggestions will have a huge impact on my life in trying to reduce the clutter. This book has already been a great benefit to me, and I can see myself rereading most or all of it many times in the future. Again, thanks.

In light of your timely and effective suggestions, I would like to also have a copy of your CD to listen to. Please send me a copy at your convenience. Thank you.

Respectfully,

Richard C. Kelsey, CPA
