Dear Jeff:

Thanks so much for an inspiring afternoon talk. While I was not looking forward to an entire afternoon hearing one person speak, you made it fun and broke it up appropriately with the 8 minute 10 minute breaks.

While you wit kept me laughing, your information truly made me stop and think about the extra paper on my desk and that it is soon doomed for the confidential shredder bin.

I also do public speaking tours and have picked up a few tips that may keep my audiences tuned in to what I have by learning from the master.

Sincerely,
