Dear Mr. Davidson:

It was great to hear you speak at the 1993 Cooperative Secretary's Conference in Nashville, Tennessee. The conference was just outstanding and you were part of making it so successful. It was the first conference of this type that I had attended and I learned so much.

Thank you for your inspiration. I have been cleaning out everything since I have been back at work and I am also cleaning things out at home. It is rewarding to get rid of the clutter and I needed just a little encouragement before doing so.

If you are ever in eastern North Carolina and I can be of assistance, please call me. Again, thank you for making each one of us feel so important.

Yours sincerely,

Tammy Blake
