Dear Jeff:

Thank you for the idea "Gifts" included in your fabulous presentation to the NSA Workshop!

I want to order two copies of your "Breathing Space" and \$24.00 is enclosed.

Even though I am a founder of NSA I am still amazed when I meet some of you for the first time and find out how much more talented some of you new people are than some of us old ones!
Thank God we started it when we did.

Cordially,

Don Thoren
