Dear Jeff,

December 20, 1994

Thank you so much for the December 15th Forum on *Breathing Space* ! You have inspired me! I created more space by cleaning out my glove compartment that same day, 20% of one filing cabinet the next, and I left my office on Friday with no paper clutter on my desk! I stopped short of tackling my parent's basement after becoming distracted by my high school albums! As I entered my clutter free office on Monday morning, I felt I had taken the first step on the path to recovery from packratism! I look forward to receiving your cassette recording on "Breathing Space"!

Thanks!
