Dear Mr. Davidson:

Greetings from Arkansas!

I thoroughly enjoyed your presentations at the Arkansas Governor's Conference. I hope to employ your techniques quickly, as while I was at the conference, over 85 emails hit me back at the office! I am married, with three children in Boy Scouts, soccer, baseball, etc. As such, I can certainly benefit from any amount of stress removed from my day. I agree with your philosophies, especially #8, "Paring Down". I plead guilty to arranging papers in piles.

Thanks for a great presentation

Sincerely,

A handwritten signature in cursive script that reads "Rick Dwyer".
