Dear Mr. Davidson:

I attended the National Rural Electrification Cooperative Association (NRECA) Executive Secretaries' Conference in Nashville, TN on October 17-20, 1993 and enjoyed both your general session and the concurrent break-out session.

Trying to accomplish some of the action steps on your "Breathing Space" handout has been fun and challenging. I am a semi-organized person, but could do a lot better. It's difficult to get out of the mind-set that "I don't have *time* to get organized!"

You are a very good source of information and did an excellent job of presenting your information. Thanks for sharing your knowledge with us!

Sincerely,

XIT RURAL TELEPHONE COOPERATIVE, INC.
