Dear Jeff:

My writing career is about to take off -- I can feel it.  
Just want to let you know that I really appreciate guidance from a  
seasoned pro such as yourself.

Your Open U. course was very informative.

Introducing me to W.I.W. led me to my current internship at Environ-  
mental Action magazine, where I will have an article published shortly.

The resume you sent me is fantastic -- I plan to use it as a guide.

Thanks!

Yours truly,

  
Russell Wild

P.S. Am enclosing an article I wrote, which I believe you  
had a glimpse of in an earlier stage. The publication I got it in  
isn't exactly the New Yorker -- but Someday. . . Someday.
