Re: feedback

Dear Jeff:

Thank you for presenting your material on Continuous Royalty Streams in Tampa. I enjoyed your presentation.

In particular, as a writer, I loved your focus on developing a leverage mindset. Since the conference, I have discovered dozens of different ways to package what I've already written. Were it not for your workshop, I don't think I would have considered dividing and subdividing the material in the same way. This mindset will help me tremendously.

I also appreciate your closing comment to focus on 2-3 things only. I need to hear this, as past NSA events have left me so overwhelmed with material and ideas that I found taking action confusing and troublesome.

Yours truly,

Tomás Garza
