

March 20, 2014

Dear Jeff,

I want to thank you for all the wonderful information you gave us at NSA Lab in Tampa. I really appreciate your time and your information. You made me remember about how much stuff I already have and how to repurpose it. Your program was entertaining and jammed packed with great information and resources.

I know you don't expect to get a lot of these but your information at the program was worth taking the time to say thank you.

Sincerely;

Cathy Sexton
Productivity Specialist
