RE: Feedback:

Mr. Davidson:

In response to your question regarding what I took away from your presentation, one statement seems to be more important than all the rest. I have had a problem with email, acting like trained monkey every time a new email comes into the system.

Your question, "How would you feel about the Post Office delivering each letter the moment it was received?" really makes me understand the futility of chasing each email down instantly.

Landmark Engineering & Surveying Corporation

A handwritten signature in blue ink, appearing to read "David L. Hurley". The signature is fluid and cursive, written over a light blue horizontal line.

David L. Hurley, PS, President
