Dear Jeff:

Not only were you a "breathtaking" speaker for us but you also demonstrate your warmth and generosity as a person. Thank you so very much for the unexpected but wonderful donation to the Cystic Fibrosis Foundation.

For a variety of reasons I am unable to make the trip scheduled for tomorrow to Chapel Hill. Stacie is going with her mother so I will probably make the next trip with her.

You are a man of surprises and it is my good fortune to have known you professionally and now personally.

Best regards,

Peter J. DiDomenico
