Dear Mr. Davidson:

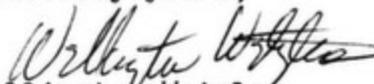

I was an attendant of the Journey Through Grief Conference, Nov 4,5 at Tigard, Or. in which you were one of the key note speakers. Your talk was very inspirational and motivational, and I appreciated your presentation. For me it was the highlight of the conference. It would be very difficult to get the attention of the people right after lunch hour, but you succeeded. You did a good job.

I tried to take some notes as you spoke, but after awhile, I lost it. Anyway I was pleased when you offered a tape of your presentation free- What a deal.

I am a chaplain in a nursing home in Portland, and I am enclosing a little article I wrote for the Nursing Home Quarterly which I thought peruse.

Thank you again for your excellent talk. I hope that I can incorporate some of the principles in my life.

Sincerely yours,

Wellington Wetzler
