Dear Jeff:

I want to thank you for a superb presentation last Wednesday at the American College of Healthcare Executive's Congress on Healthcare Management in Chicago. I listened to your lunch presentation and then attended your afternoon presentation. You made a profound impression on me. I am trying to increase my breathing space. I started with my desk at work. For years it has been a disaster area. Now I am being to get control of it instead of letting it control me.

Your presentation was by far one of the most valuable for me.

Sincerely,

Wm. Paul Kearns, III
