Dear Jeff,

First of all I would like to thank you for your wonderful and very informative presentation you did for South Shore Hospital. Although the speakers we have had to this point have been very good, your presentation has been the most appropriate to me both professionally and personally. I have struggled with procrastination and making decisions for a long time. You helped tremendously in putting daily life and decision making into proper perspective. I've already found myself making small changes.

Sincerely,

John Ralston, RRT
Asthma Center Coordinator
