Dear Jeff,

I wanted to let you know that I enjoyed your class at ACHE. I have several times since then stated to myself, "completion" when a task is finished. It has been helpful, as returning from a week on the road is always a little busier than usual. I found your presentation to be engaging and filled with helpful tips that could be easily applied. Thank you.

As you may know, letters such as this can not be used as endorsement from the Department of Veterans Affairs. However, I wanted you to know that I personally benefited from attending your session.

Sincerely,

A handwritten signature in cursive script, reading "Nancy A. Thompson", is written over a large, faint circular stamp.

NANCY A. THOMPSON, Ph.D., FACHE
Associate Director, VHA Office of Special Projects
